Website: www.freelancealot.co.uk

Reasons to have a website: attracting new customers; enhancing your reputation; creating new revenue streams; diversifying into new businesses; enhancing print and radio advertising; increasing referrals; increasing your profits; developing brand loyalty; selling directly; improving customer service; communicating your products or events.

Domain Names* – £30

Domain names are the .com, .co.uk, .net, .biz, .org addresses used on the www. We will check whether the domain name you have requested is available, if not, we will carry out a search for the nearest alternatives. Providing the domain you have chosen is available, we will register it for 2 years. You will be the registered owner of that domain.

‘Virtual Flyer’ – £100

We design one web page including your contact details, logo, succinct text, and a few images/photos (up to 5).

It’s worth checking with your ISP (Internet Service Provider) to see whether they offer any free web space to host your Virtual Flyer (VF). If they don’t please ask us about the options for hosting your VF.

All text and photos to be provided by client

‘Apprentice Website’ – £350

We design a tailor-made, five-page website using the latest standards-compliant XHTML and CSS. All reasonable efforts will be made to make your site accessible to people with disabilities. An e-mail ‘contact form’ is supplied with the Apprentice package.

All text and photos to be provided by client.

‘Master Website’ – On Request

If neither of the above ‘packages’ are right for you, please contact us to discuss your dream website and we’ll give you a quote based upon what you actually need. Options include shopping carts, content management systems, forums, etc.

Web Hosting – £100 p/a

Hosting provides you with server space to hold your web pages and handle your e-mail addresses. Includes 1GB of web space, PHP, CGI, MYSQL databases, POP3 e-mail, and lots more.

Initial Site/Server Set-up – £50 (£0 if you host your site with us)

So, you've got your website designed, you've bought your web hosting, now what? We will set up your server for you which includes setting up your e-mail accounts, uploading the web pages to the server so the public can see them, setting up the scripts to work properly, etc.

Webmaster Services – 25 p/h

This includes updating and maintaining the website; making backups of the website. checking external links are working; setting up new e-mail addresses; submitting your site to free search engines and directories; researching and implementing of complementary links with other web sites, etc.

Webmaster services can be provided at whatever level you want to budget for, eg. you may only want us to update the web pages with new content and ftp them to your own server; you may just want us to submit your sites to search engines on your behalf at regular intervals; or, you may be too busy to worry about the 'hows and what fors' of the day-to-day running of your website, in which case you could give us a monthly budget to work within, and we'll take the task in hand.

Contact us to discuss your exact requirements.

Here at Freelancealot.co.uk we believe that anyone and everyone can—and should—have a website, whatever their budget.

Contact us now on +44 (0)870 432 1566 or e-mail us at info@freelancealot.co.uk

* **This refers to** .com, .co.uk, .net, .biz, .org addresses only. If you want another Top-Level Domain (TLD), eg .info, tv, etc, or a country-specific domain (eg .fr, .dk, nl) please contact us for a quote.
